

Name _____

Volcano Research Pamphlet Project

Your job is to make a **pamphlet** that teaches about a volcano of your choice. You will do research to find information on your volcano, and then create a pamphlet using a **template on pages**. You must include the following for your project:

BEFORE you begin your pamphlet:

- **Complete** research and notes page (including at **least two** resources), and at least **three** facts for each section of your notes page.

Include ON your pamphlet:

- The **name and location** of your volcano
- The **TYPE** of volcano (dormant, active, extinct?)
- The date (or estimated time) of the volcano's last eruption
- A **description of your volcano, and what makes it unique. (cinder cone, shield, lava, composite?)**. You should include information here about the last eruption, if possible! You can find this information on the website volcano links!
- At least **two** images or pictures that help describe or show your volcano
- **Other facts** about your volcano (**at least 3**)!
- The list of **resources** you used to find information (don't forget about your CKLA reader!)
- **Your name**
- A **paragraph** describing why you chose this volcano, and what you learned while making this pamphlet
